

CADILLAC BLUES

– The Motor City Horns and The Brothers Groove feat. Johnnie Bassett

F7 /// F7 /// F7 /// F7 ///

C7 /// Bb /// F7 /// F7 ///

Use to drive a beat up Chevy
And a broke down raggly Ford
Played a million one night jigs
Out on the lonesome road

But now I'm crusin'
And I ain't looking back
I still got the blues
But I got'em in my Cadillac

My records start to selling
And I saved a little bread
I bought myself a Fleetwood
Painted lip stick red

And now I'm crusin'
And I ain't looking back
I still got the blues
But I got'em in my Cadillac

solos
break
Cadillac's a fine car
break
It's got everything I need
break
Built just like my baby
Built for comfort not speed

Yes I'm crusin'
And I ain't looking back
I still got the blues
But I got'em in my Fleetwood Cadillac

And listen, I switch on my air conditioning ha ha
And hit that cruise control
Push in some smoking music
And let the good times roll

Yes I'm crusin'
And I ain't looking back
I still got the blues
But I got'em in my Cadillac uh-ha

solos

The hard times ain't all over
I still go bills to pay
But I can jump into my Caddy
And drive my blues away

Yes I'm crusin'
And I ain't looking back
I still got the blues
But I got'em in my pretty Cadillac
