

A black cat bone is a type of lucky charm used in the African American magical tradition of hoodoo.

It is thought to ensure a variety of positive effects, such as invisibility, good luck, protection from malevolent magic, rebirth after death, and romantic success.

Black Cat Bone

Johnny Winter

Short Version:

I believe my baby she done
 Drive my black cat bone
 I believe my baby she done
 Drive my black cat bone
 I got funny feeling right here
 Something's going all wrong
 My woman treats me like a
 Well fed dog at bay
 My woman treats me like a
 Well fed dog at bay
 Yeah I might be tired of living
 And I'll put six feet in the grave

Part 1

I believe my old lady she done
 Drive my black cat bone
 You know I made my old lady she done
 Drive my black cat bone
 I got funny feeling right here
 Something's going all wrong
 She don't shoot in the morning
 She walks the street til late at night
 She don't shoot in the morning
 She walks the street til late at night
 Well she come home in the evening
 Doggone baby fight
 Gonna call up the operator
 Right around the town
 Get up this crazy world that's going on
 I believe my baby she done
 Drive my black cat bone
 I got funny feeling right here
 Something's going all wrong
 BREAK
